\*Step Therapy- Where more than one medication in a certain drug class has been shown to be clinically effective but a varying costs, Step Therapy requires a trial with the lower cost medication before approval of the higher cost medication, where clinically appropriate.

\*\*Mandatory Generics- The pharmacist must dispense the generic equivalent medication when one is available. If the member fills the brand name drug instead, they will be responsible for the brand copay plus the difference in cost between the generic and brand name drug.

\*\*\*Accredo is the specialty pharmacy for Express Scripts. Specialty pharmaceuticals typically require special handling and patient monitoring.

\*\*\*\*Closed Formulary - Certain medications are excluded from the covered drug list. A great majority of brand-name medications and generic medications are included in the formulary. All conditions with excluded medications have covered clinically equivalent medications. Please note, the formulary may change throughout the year, and for a copy of the most up to date version, please refer to Express Scripts website: <https://www.express-scripts.com/>
